

CEE-BEE® A-954

SOLVENT DEGREASER AND CORROSION INHIBITOR REMOVER

CEE-BEE® A-954 is a citrus based solvent degreaser that effectively removes oil, greases and corrosion inhibiting compounds from metal surfaces.

BENEFITS

- Evaporates slowly
- Excellent solvency for removing corrosion inhibiting compounds, temporary coatings, and greasy soils
- Safe for use on most painted surfaces, when used as directed
- Low vapour toxicity Does not contain halogenated solvents Less toxic than methyl ethyl ketone (MEK), toluene or xylene, and halogenated solvents
- Ozone friendly
- Contains no phenolics, cyanides, nitrates, heavy metal salts, or hazardous solvents

PHYSICAL PROPERTIES

Appearance	Liquid	Solubility	Non-soluble	Flammability	Combustible
Colour	Colourless	pH	N/A	Density	0.848 g/ml
Odor	Characteristic	Flash Point	46°C

APPROBATIONS

- AMS 1526B (Partial Testing)
- BOEING BAC 5750
- BOEING D6-17487 REVISION "P"
- BOEING DPM 6561-2

USE PROCEDURES

WATER RINSE APPLICATION:

1. Apply CEE-BEE® A-954 to surface with mop, or brush.
2. Allow solvent to dwell for at least 5 minutes, or until the coating is penetrated; then agitate surface with a brush or mop.
3. Rinse thoroughly with high pressure water.

WITHOUT WATER RINSE APPLICATION:

1. Prepare surface by wiping clean with cloths, or nylon fleece scrubbing pads.
2. Wet surface with CEE-BEE® A-954. Turn frequently to prevent redeposition of soil or residues on cleaned surface.
3. Wipe with clean, dry cloths. If surface is to be air dried, all residual soils must be wiped.

LEGISLATION

- WHMIS Regulated

SAFETY & HANDLING

- Refer to Safety Data Sheet (SDS) for additional information
- Dispose of container and its contents in compliance with all applicable regulations.
- Contains concentrated solvents. Avoid eye and skin contact. Use rubber gloves and face shield or safety glasses, while applying. Apply with adequate ventilation. • Do not use in confined areas. If ventilation is inadequate, use a NIOSH certified respirator which will protect against organic vapor and dust/mist. • Do not ingest. If accidental contact occurs, flush affected body areas with water. If irritation persists, seek medical attention. If inhaled, seek fresh air. • Store containers in a cool dry area. Open containers slowly to prevent any spewing of contents. Keep containers tightly sealed. Before using on plastic electrical insulation, or a painted surface that might be damaged, be aware of effects to underlying substrates.
