

CEE-BEE® R-677

AIRCRAFT CLEANER

CEE-BEE® CLEANER R-677 is a solvent based cleaner used for removing soils, greases, jet exhaust, carbon, and hydraulic fluids from painted and unpainted aircraft surfaces.

BENEFITS

- Excellent solvency for grease and soils
- Effectively removes jet exhaust, carbon, and hydraulic fluids
- Free rinsing Does not streak painted surfaces when used as instructed
- Safe on high strength and mild steels, cadmium plated steel, aluminum, magnesium, titanium, acrylic plastics and most paints
- Contains no phosphates, phenolics or heavy metal salts
- Surfactants biodegradable

PHYSICAL PROPERTIES

Appearance	Liquid	Solubility	Water soluble	Flammability	Combustible
Colour	Légèrement turbide	pH	6-9	Density	1.01 g/ml
Odor	Solvent	Flash Point	65 °C

APPROBATIONS

- BAC 5744
- MIL-C-43616C, CLASS 1 (QPL)

USE PROCEDURES

1. Dilute CEE-BEE® R-677 with water to a volume concentration of 5–50 %. For most applications, 10 % volume concentration is effective.
2. Apply with non-atomizing spray equipment, mop, or brush. After a short dwell time, agitate with mop or brush.
3. Rinse with water, or wipe dry using clean cloths, or mops. If surface is allowed to dry, re-wet with cleaner solution, agitate lightly and immediately rinse with water or wipe dry with clean cloths, or mops.
4. CEE-BEE® R-677 can be diluted with petroleum solvents for heavy duty cleaning applications.

LEGISLATION

- WHMIS Regulated

SAFETY & HANDLING

- Refer to Safety Data Sheet (SDS) for additional information
- Dispose of container and its contents in compliance with all applicable regulations.
- WARNING! Avoid eye and skin contact. Wear rubber gloves and face shield or safety glasses. • Contains petroleum solvent. Do not use in confined areas or at temperatures above 49 °C. Apply with adequate ventilation. • Do not ingest. In case of accidental contact, flush affected areas with water. If eye irritation persists, seek medical. Attention: Avoid splashing nearby personnel if spray rinse is used.
